Name: ______________________________
(Please Print)
Department & Standing (grad/senior/junior): ______________________________
Email address: ______________________________
Status in the class: --enrolled ---waitlisted ---planning to enroll

Background:
ECE 101 (Linear Systems Fundamentals) Passed in the ___________ Term. Grade ___
ECE 109 (Engineering Probability and Statistics) Passed in the ___________Term. Grade __

Computer Programming Expertise and Experience:
List of relevant ECE or CSE courses with significant programming:

You will be expected to use MATLAB throughout the term.
Would you benefit from a MATLAB intro/tutorial session? ________

Programming Skills (Self Assessment): none---some---enough---plenty
MATLAB Skills: (Self Assessment): none---some---enough---plenty
C/C++ Skills: (Self Assessment): none---some---enough---plenty

Graphics, Image Processing, Machine Vision Experience (courses and projects):

Digital Camera, sensors, and photo/video processing application program experience:
(Including i-phone/web cam apps):

Project Oriented Experience: (List design courses, internships, independent projects, etc.)

Comments: (Including motivation for taking this elective.)
